

Welcome to Justice Road!

This Record is dedicated to My Mom.

Justice Road is not just the name of this album, it's also where I was raised. My Mom taught me to never give up on your dreams no matter what life throws your way. My Mom worked three jobs to make ends meet while moonlighting on her days off singing for a top notch local band. No matter how hard times were for us, Mom would always find a way.

The song "Heaven Called" recounts my mom's last days before being called home by her fellow angels. While her passing proved to be the hardest and most tragic of times for my family and I, pulling through together has made us stronger than we have ever been. My wife and I try and make sure that Mom's memory and spirit will not be forgotten and be forever with our boys.

Justice Road is where it all started, where my dreams were born. The most loving, selfless, amazing person I've ever known, my Mom taught me that, and has taken me back to Justice Road to continue the dream.
